PASSIONATELY DESIGNED,
EXCEPTIONALLY CRAFTED.

INTRODUCTION

Stainless steel is in our DNA. Our engineers and designers are passionate about it. It is also our business. It has been so since 1963, when the first world class quality products were manufactured at our factory.

Innovation and ingenuity are fundamental cornerstones of our brand. The combination of the finest quality raw materials along with precise, hand-made craftsmanship makes Neelnox products a cut above the rest. For the design centric consumer, there is no parallel.

We truly hope you find as much happiness in using our products as we did while making them.

NOT ALL STEELS
ARE CREATED EQUAL

THE QUEST FOR PERFECTION

THE JOURNEY OF MAKING A PERFECT PRODUCT BEGINS WITH FINDING THE PERFECT ORE THAT MAKES THE PERFECT STEEL. WE ROAM THE GLOBE TO ENSURE ONLY THE FINEST STAINLESS STEEL FINDS IT'S WAY TO YOUR HOME.

neelnox

**AND THE PERFECT STEEL IS
JUST THE BEGINNING.
ON TO THE WELL KEPT
SECRET.**

THE METAMORPHOSIS

ONCE WE'VE FOUND THE PERFECT STAINLESS STEEL, IT BEGINS IT'S METAMORPHOSIS. WHAT WAS ONCE JUST AN ORE, IS ABOUT TO FIND IT'S PURPOSE. OVER 50 YEARS OF REFINING AND RESEARCHING HAS LED US TO A FLAWLESS FINISH. AND THE PROCESS IS A WELL KEPT SECRET.

neelnox

THE BEACON OF **EXTRAORDINARY EFFORT**

Design is to civilization as civilization is to life. As we evolved as human beings, we went on to create civilizations. And as civilizations reached their advanced stages, the development of design became an inevitability. Design soon became the con of extra ordinary effort. The effort to make the world a beautiful place. A well functioning place.

We often approach products, both new and existing ones, with a goal of breaking the barriers of thoughts that have engulfed them and shaped them into their current existence. It is this approach that has led us to introduce some of the products that world hadn't yet seen. Our intent is to reinvent the necessities. Rethink them. Recreate them to meet audacious levels of perfection.

LET THERE BE **DESIGN**

AN EXCEPTIONAL METAL

Simply put, stainless steel is a superior metal. It holds its finish and luster longer, shines better and is the original finish that most plated products try to emulate. It is the real deal.

While most products are plated with chrome or nickel, both these metals are present in relative abundance in stainless steel and hence it requires no plating. It is one of the hardest to polish and finish and that is one of the chief reasons why it holds its finish much longer.

ECO-FRIENDLY,
LOW CARBON FOOTPRINT.

Stainless steel is a green product. It is the endorsed material for green building the world over. With a minimal impact on the environment and it's incredible longevity, it is a go-to material for sustainable living.

It is 100% recyclable and has amongst the lowest of CO₂ emissions required for production. It's carbon footprint is significantly smaller in comparison to most metals. To take all this a step further, it is virtually maintenance free which further lightens it's life cycle impact on our planet.

**GO GREEN.
STAINLESS STEEL IS
SUSTAINABLE &
ECO-FRIENDLY**

GLASS MOUNTED PROGRAMS

The UV program: Accessories are supplied with a solid back which require UV curing adhesives to install the product on glass. This option involves no drilling through the glass and the product can be mounted on tempered glass as well as regular glass. Because the back is solid, there is no hardware required to install the product. **To order simply add the suffix -UV. All Neelnox accessories can be ordered with this option.** Please note that the UV curing adhesive is not supplied with the product.

The DG program: This program involves drilling holes through the glass. The products are supplied with a hardware which holds the accessory in place along with a finished rosette which ensures that the hardware is completely concealed after installation. **To order simply add the suffix -DG. All Neelnox accessories can be ordered with this option.**

Y | S H E L F TM

The Y | S H E L F TM by Neelnox creates a sensational focal point in a shower. With sleek lines and succinct angular corners, this shelf is more than just a shelf, it is an unparalleled architectural statement. The distinctive modern design adds a striking contemporary flair to your bathroom. The tight corners give you maximum storage space for your shampoo bottles. The sloped bottom makes sure the water drains. The series is hand crafted from premium 304 grade stainless steel. The option of tiling the back opens a world of design possibilities ranging from transitional to traditional.

“We set out to make a shelf, ended up redefining the spatial aesthetics of an entire area.”

THE STORY

...the story of the YISHELF™ begins with another Why. Why doesn't there exist a niche which has no grout lines. Why doesn't there exist a niche where there are no worries about waterproofing. Why should shampoo bottles which exist just to serve us be kept in boring places. Why should the shelf be just utilitarian. Why isn't there something for the design centric shower aficionado...and we could go on with the Why's for a while. But why do that (pun intended). Hence the YISHELF™. Born out of questioning the status quo. Born to liberate mankind and their shampoo bottles from all kinds of boredom. The YISHELF™. Do you have the walls to wear it?™

“How do you design a shelf that blends in, & stands out.”

THE CREATION OF SPACE

“THE ART OF ORGANIZING”

Showering is an experience that has no parallel. The YISHELF™ enhances that experience by organizing the shower space in a way that ordinary shelves can't. The recessed in wall design ensures that there are no sharp metal protrusions. The availability of sizes ranging from 6 inch widths to 72 inches, gives you the ability to dress up the shower while still preserving ample space for the essentials. The result is an exceptionally organized space that is as aesthetically pleasing as it is functional.

Blissful Showers

The Y | SHELF™ organizes your shower area, while decluttering the space and creating a soothing environment.

THE FEATURES

- Available in 16 different sizes ranging from 8in to 72in
- Installation of the Y | SHELF™ is a breeze as compared to fabricating a tiled niche.
- Hand crafted from 304 grade stainless steel
- Choose between Undermount & Flushmount
- Sloped bottom ensures proper drainage of water
- 3^{3/4}" depth fits the boldest shampoo bottles
- Integrated in-wall shelving solution
- Optional: Tile the back to create a minimalist look evocative of a custom stainless steel frame.

“Bold, subtle, sleek or minimal. And always stylish, neelnox has changed the way you shelve by introducing the Y | SHELF™.”

ULTRA HYGIENIC

**“Easy To Clean.
And Maintenance Free.”**

Water tends to stagnate along the base in tiled niches. Over time, this will gather mold and mildew. Stainless steel is easy to clean and resists bacteria and germs more effectively than ceramic and glass tile.

Custom Options: Add a Rail

Customize your niche with a rail. Options to pick a custom rail color make this product a statement piece. Rails can be ordered as a standard rail which is the same finish as the niche, or as a custom rail which is a different finish from the niche.

Top Row: Y-9WHT-RL-BRGD , Y-9BGD-RL-BGD, Y-9BLK-RL-BBRS
Bottom Row: Y-9WHT-RL-BLK, Y-9BRGD-RL-BRGD, Y-9B-RL-B

Series Origin: Hammered Texture

The beautiful hammered texture adds warmth to your bathroom. All custom finishes shown are available in a hammered texture. So for example if you would like to order a hammered texture in a brushed gold finish, go right ahead. Hammered niches can be ordered with rails as well. To order a hammered niche, simply add the suffix -HMD to the product.
